

Quick and Easy Access to Your Account

Make investment changes online or via phone.

Online via Account Access

www.icmarc.org

To create an online account, go to www.icmarc.org and select "Create an Initial User ID".

If you already have an online account, follow these steps to change your investments.

- Step 1** Log in at www.icmarc.org/login. (If you have forgotten your user ID and/or password, you may reset it online. Select the appropriate option within the Login box.)
- Step 2** Select the "My Account" tab.
- Step 3** Select "Manage Funds" to move existing money from one fund to another and/or change how future contributions will be invested.
- Step 4** Explore all the ways Account Access can help you manage your retirement assets.

For help, select "Contact Us" from any page.

Telephone via VantageLine

1-800-669-7400

To create a VantageLine account, dial 1-800-669-7400 and enter your Social Security number. Your initial personal identification number (PIN) is the last four digits of your Social Security number; be prepared to set a new 4-digit PIN.

If you already have a VantageLine account, follow these steps to change your investments.

- Step 1** Dial **1-800-669-7400** and enter your Social Security number.
- Step 2** Select "2" to move money.
- Step 3** Select "1" to move existing money from one fund to another and/or select "2" to change future allocations.

For help, or to speak with an Investor Services representative, select "0" at any time.
