Download the Optima Health Mobile App

Access Your Optima Health Account Anywhere, Anytime, Anyplace

The Optima Health mobile app goes with you wherever you take your Smartphone. Safely and securely access important health information when you need it – at home, at the doctor, and even on the road.

The app can be downloaded from the App Store or Google Play for use on an iPhone and Android™.

Android is a trademark of Google, Inc.

With the touch of the screen you can:

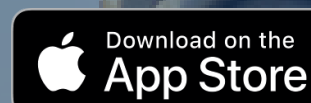

- Shop for health plans
- Find doctors and urgent care centers

Members and covered family members* can also:

- View coverage and benefit details
- View and email member ID cards
- Access claims information, including in-network plan expenses, deductibles, and balances
- View user profile and update email address
- Access Optima Health contact information

**Optima Health members must be registered on optimahealth.com to use the secure features of the Mobile App.*
