## Adding Meal Break to Timecard

Non-exempt employees in who take a meal break will need to have the break entered by the supervisor.

### Supervisor Instructions:

Employees timecard shows he is scheduled to work from 8:00am-4:30pm with a 30 minute break. He took a half hour lunch from 12:00pm to 12:30 pm. Hours were recorded on the Meal Break log sheet and turned into the supervisor.
