

HAMPTON FLOOD MAPS – EFFECTIVE MAY 16, 2016

HOW TO VIEW & PRINT A MAP OF YOUR PROPERTY

USING HAMPTON GIS

1. Click: <http://hampton.gov/gisportal>
2. Check the box and click “Enter Site”
3. Enter street number and street address and click “Search”
4. Click on your address
5. Click on the “Map” tab at the top, left, side of the screen - you should then see an aerial view of your property
6. On the left side of the screen, check the box next to “Zoning”
7. Uncheck the box next to “Zoning (Base)” and scroll down
8. Check the box “FIRM 2016”

Legend:

The data below each picture will list the flood panel and the flood zone(s).

- | | |
|---|--|
|  | Zone AE, A, or VE – Special Flood Hazard Area (1% chance annual flood zone) – turquoise dots |
|  | Zone X500 – 0.2% chance annual flood zone |
|  | Floodway Zone |
|  | Zone X – Out of the 100 year floodplain |
